

Ski resort Červená Voda

Resort description

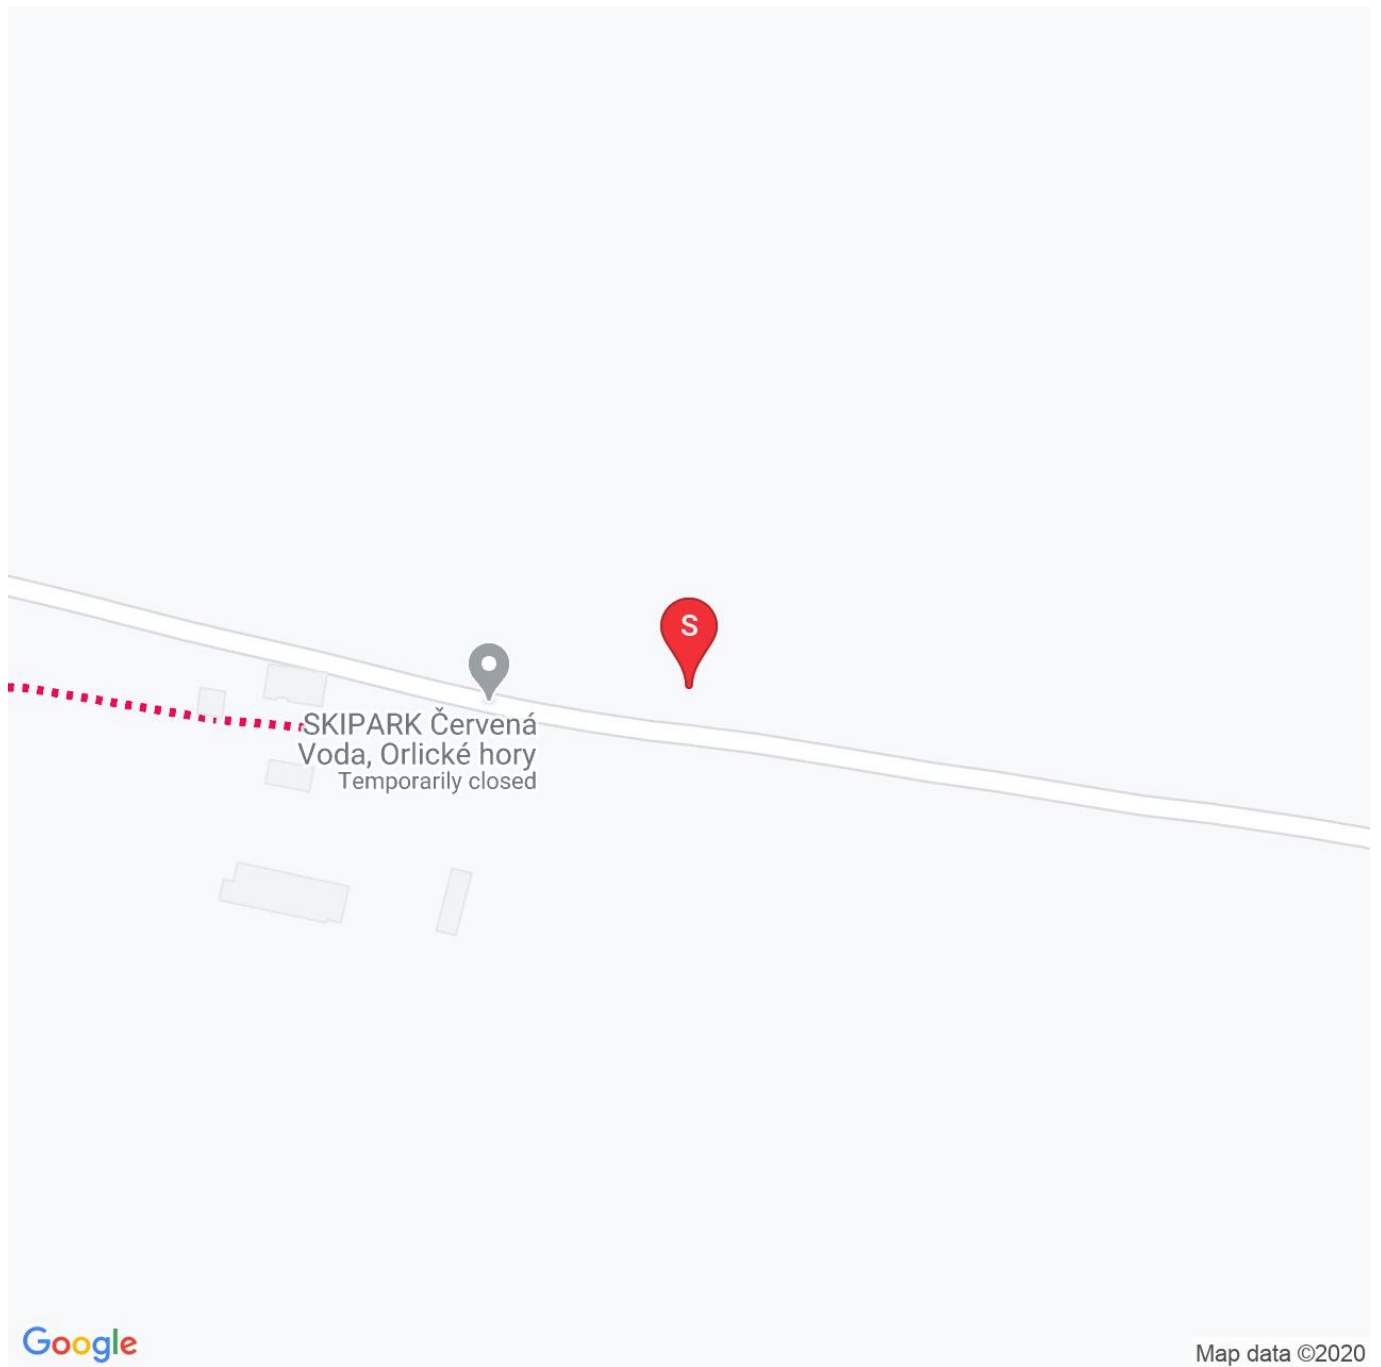

The ski resort Červená Voda is located at the mountain Buková with the altitude of 960 metres above the sea level. It spreads out at the borders of Orlické mountains, Jeseníky mountains and Králický Sněžník mountain. This relatively new ski resort provides high-quality skiing slopes and tracks and professional sports facilities.

The winter resort can be found 35 km from Ústí nad Orlicí. It offers one blue and one red-marked slope for intermediate skiers. They are both more than 2000 metres in length. All slopes are mechanically maintained on regular basis. Transport of skiers is provided by a four-seat ski lift with covered and heated seats. Children ski school uses its own ski lift, children park with numerous attractions and a slope suitable for beginners. A local snow park, which is 1200 m long, has a set of 22 artificial obstacles and jumps.

The resort offers service of a ski school, a sports equipment rental shop, a testing center, a stylish restaurant and parking. Visitors can use two connecting tracks with the Čenkovice ski resort. For cross-country skiing lovers there are first-rated tracks at their disposal.
