

Panorama Golf Resort - Kácov

Resort description

Panorama Golf Resort Kácov is situated 66 km from the capital city Prague. This 18-hole 72 par golf course is located in a beautiful landscape on the Sázava river bank.

The golf resort was designed by the Golfer Course Creators team. The course is made by three 9-hole courses named Forest, Meadows and River. The first one, Forest, is located in a woody area. Meadows is in the middle of vast meadows and offers a calmer and clearly-arranged game. The last one, River, was built under high rocks along the Sázava river banks. A combination of any two courses makes a 18-hole golf course. For practicing, visitors can use the chipping and putting green, training bunkers and a driving range with 10 covered and 35 open teeing grounds on grass. There is also a fitting center to test types of golf clubs. Beginners and advanced players as well are offered individual lessons. The children academy for the youngest players is ready with training programmes for all age and skill category. The club has different types of membership and comes with many benefits. The local stylish clubhouse is a part of the resort. Visitors will find here a Pro Shop with designer golf equipment, a rental shop with golf clubs, trolleys and buggies and other services. Panorama restaurant focuses mainly on Czech traditional cuisine. Accommodation is available in luxurious double rooms or 4-bed-apartments.
