

# Route 4C

## Route description

An excellent choice for demanding cross-country skiers and those who love gorgeous views 

This well-known, expansive cross-country skiing region unfolds across the foothills of the main Jeseníky mountain ridge. The routes typically lie at elevations around 1,000 metres above sea level, and lead through forested areas with beautiful views, which is why they usually have plenty of snow throughout the winter season.

Destinations	Moravia and Silesia
Route	Mravencovka - odbočka Malý Kotel - Alfrédka - Pod Ztracenými kameny
	11 km   2 hours
Surface	The route leads mainly through forest vegetation
Activity type	Cross-country skiing
